DETAILED ACTION

1. Applicant's amendment filed September 4, 2003 is acknowledged and entered. Claims 1, 4-19, 32 and 43-50 are pending and examined on the merits. The drawings submitted November 27, 2002 are objected to by the Draftsperson.
2. The rejection of claims 1, 4-19 and 32 under 35 U.S.C. 103(a) is withdrawn in view of Applicant's amendment. Should Applicant obviate the following new rejection under 35 U.S.C. 112, first paragraph (new matter rejection) the rejection of claims 1, 4-19 and 32 under 35 U.S.C. 103(a) will be reinstated and applied to new claims 43-50.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1, 4-19, 32 and 43-50 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Claims 1 and 43, and depending claims, recite elements without support in the original disclosure. Written support for an isolated polypeptide having a deletion of "the amino acid sequence corresponding to amino acids 1027-1241 of HCV-1" is not in the disclosure. At best, the disclosure refers to amino acids 1027-1657 of HCV which corresponds

Art Unit: 1648

to the NS3 protease and helicase, see page 27-28. There is no disclosure of a specific deletion of amino acids 1027-1241 of NS3.

Conclusion

4. No claim is allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
